SHUTTLE SERVICE

Shuttle service will be available to and from all major events, including meals, the Memorial Service, and reunion symposia. Individuals with limited mobility should make arrangements at headquarters for transportation in reunion vans, including a wheelchair-accessible vehicle.

Limited shuttle service will be available on Commencement Day. Due to the extremely high volume of traffic in Harvard Square, we urge you to walk to the Faculty Club, Tercentenary Theatre, or the Science Center if you are able. On Commencement Day, buses will leave Mill Street and return to the parking garage; vans will service Harvard Yard locations.

Additional University shuttles will be available for general use on Wednesday and Thursday, traveling continuous loops from Harvard Yard, near Dunster House at the corner of DeWolfe and Mill Streets, via the Soldiers Field Park Garage to North Harvard Street. Van service is intended for transportation between University housing and reunion events. If you have chosen to stay in a hotel or need a ride to the airport or train station, taxi service may be appropriate.

PARKING

While at Reunion, complimentary parking and transportation resources will be available throughout your stay on campus. From garaged parking to Harvard shuttles and our ever-popular student drivers, we have your transportation needs covered. More information on parking at the Business School and Oxford Street Garage will be made available as the Reunion approaches, as well as at Reunion registration and Reunion HQ.

STUDENT DRIVER PROGRAM

Student drivers support all on-campus reunions and work in partnership with HAA Reunions staff during priority events and locations throughout your Reunion. Drivers are trained to assist alumni/ae with accessibility and mobility challenges and provide excellent customer service when fielding questions from alumni. Drivers may also assist with guiding alumni to Reunion events from headquarters or designated pick-up or drop-off locations and will always ensure a safe driving experience. More information about the student driver program will be made available as the reunion approaches, as well as at Reunion registration and Reunion HQ.
